

# Bill of Materials (BOM), MANUAL HARDNESS TESTER TOUCH SCREEN

Project created: 13.07.2026 09:33, last modified: 02.09.2026 10:37

| BOM Quantity | Part Name                                                                  | Description   | Designators | Comments |
|--------------|----------------------------------------------------------------------------|---------------|-------------|----------|
| 1            | 100KG LOAD CELL                                                            | Box 34        |             |          |
| 1            | RS232 MODULE                                                               | Box 17        |             |          |
| 1            | 1P CALIBRATION PLATE ROUND                                                 | BOX 95        |             |          |
| 3            | 15MM RUBBER LEGS                                                           | BOX 60        |             |          |
| 2            | 6 PIN CABLE JST                                                            | BOX 5(i)      |             |          |
| 3            | 2 PIN CABLE JST                                                            | BOX 5(i)      |             |          |
| 1            | PH-A/AW-2mm-2 pin Female Housing Connector with 300mm Wire(28 AWG)         | BOX 5 (ii)    |             |          |
| 4            | HY-04Y-2.00mm-4 pin Female Buckle Housing Connector with 300mm Wire(28AWG) | BOX 5 (ii)    |             |          |
| 1            | 4 PIN CABLE JST                                                            | BOX 5 (i)     |             |          |
| 1            | MANUAL TOUCH HARDNESS STICKER                                              | BOX 21        |             |          |
| 1            | 3.7V 10000mAh Lipo (Lithium Polymer) Rechargeable Battery                  | BOX 20        |             |          |
| 1            | TYPE C FEMALE PANEL MOUNT CABLE                                            | BOX 16        |             |          |
| 1            | CLEANING BRUSH                                                             | BOX 106       |             |          |
| 1            | CrowPanel ESP Terminal - ESP32 3.5inch 480x320 Parallel RGB Touch Display  | ALMARA LOCKER |             |          |
| 1            | PCB MANUAL SAMPLE                                                          |               | —           |          |
| 4            | M3 BRASS INSERTS                                                           |               | —           |          |
| 1            | 3D PRINT BATTERY HOLDER                                                    |               | —           |          |
| 1            | M3 HEX NUTS                                                                |               | —           |          |
| 1            | M6X20 ALLEN HEAD                                                           |               | —           |          |
| 1            | MANUAL HARDNESS TESTER ASSEMBLY                                            |               | —           |          |
